*Reflections of Days
Gone By ...*

Eastglen's 25th Anniversary

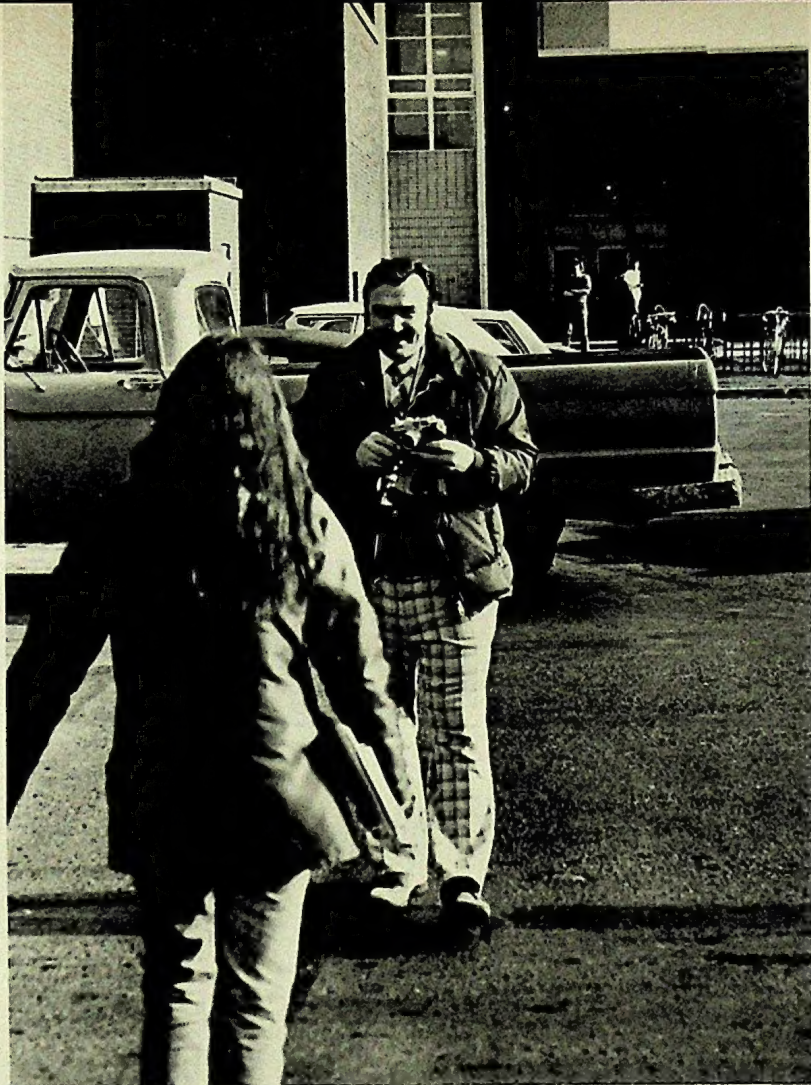

1953-1978

Eastglen Composite High School
Edmonton, Alberta
25th Edition

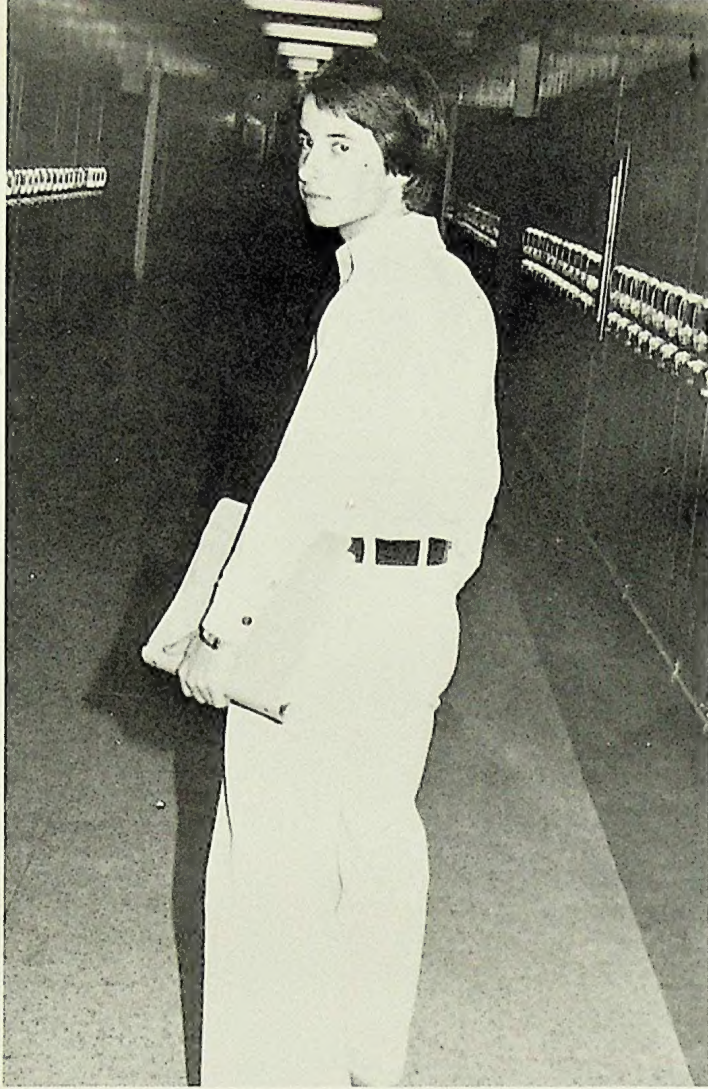

*You opened your doors
to everyone
As strangers
through them we came
And once inside
we met familiar faces
To reminisce
and talk again.*

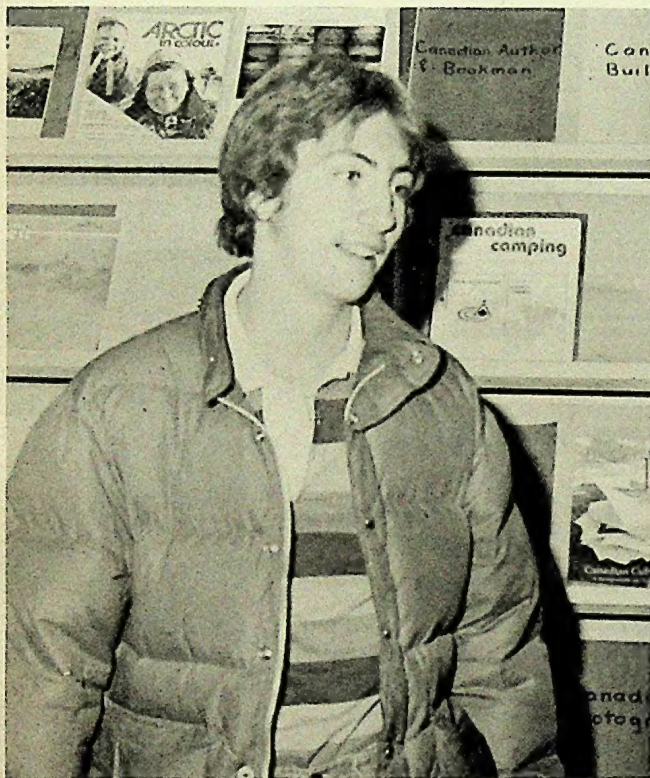

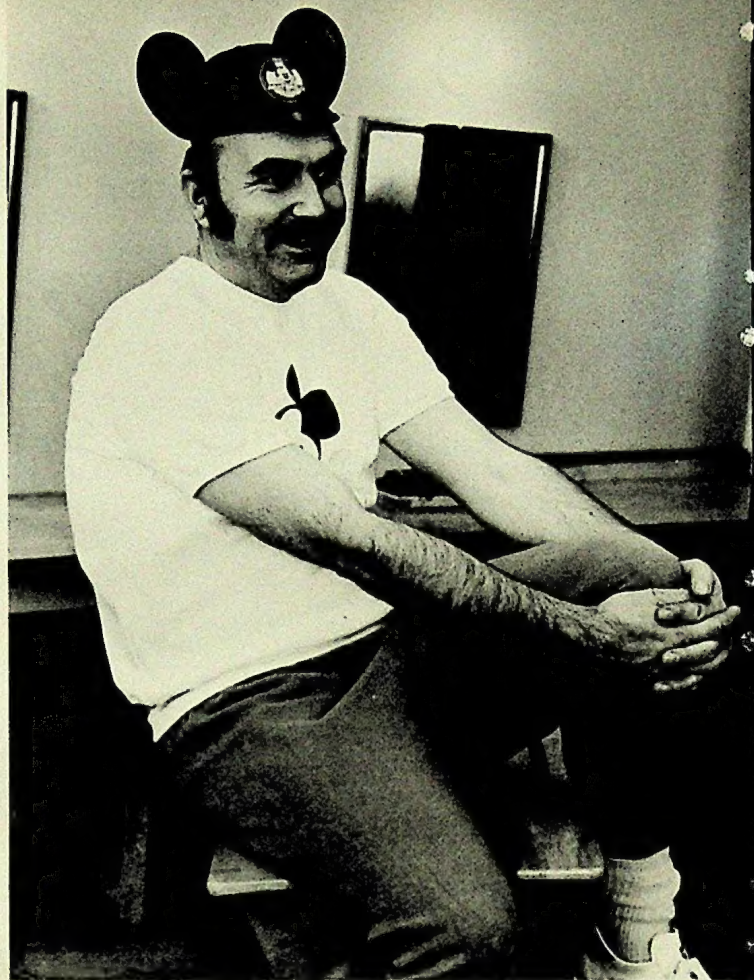

*We paid our fees,
attended classes too
But most
were hard to find
And being late
the very first day
The teachers
didn't seem to mind*

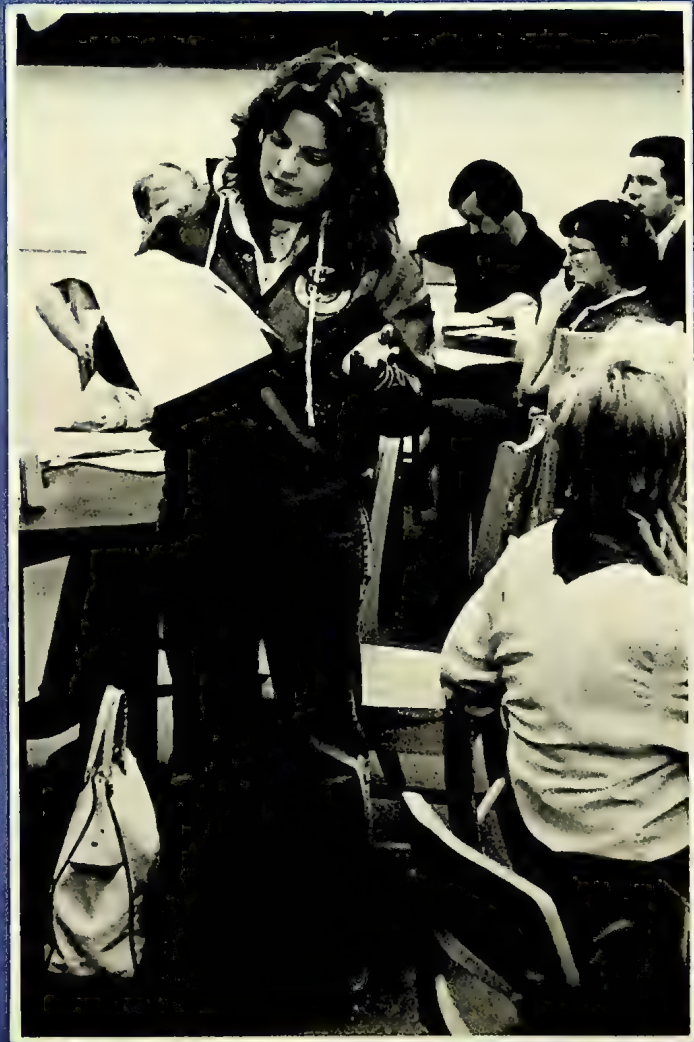

*A spare was great
for sleeping in
Then coming to school
for an easy first class
only to find
that teachers give homework
Plenty in Chem.
and double in math.*

Reading, writing,
essays and notes
We worked,
stayed -- the lot
So after exams
we needed a break
Holidays were scarce
but skipping was not

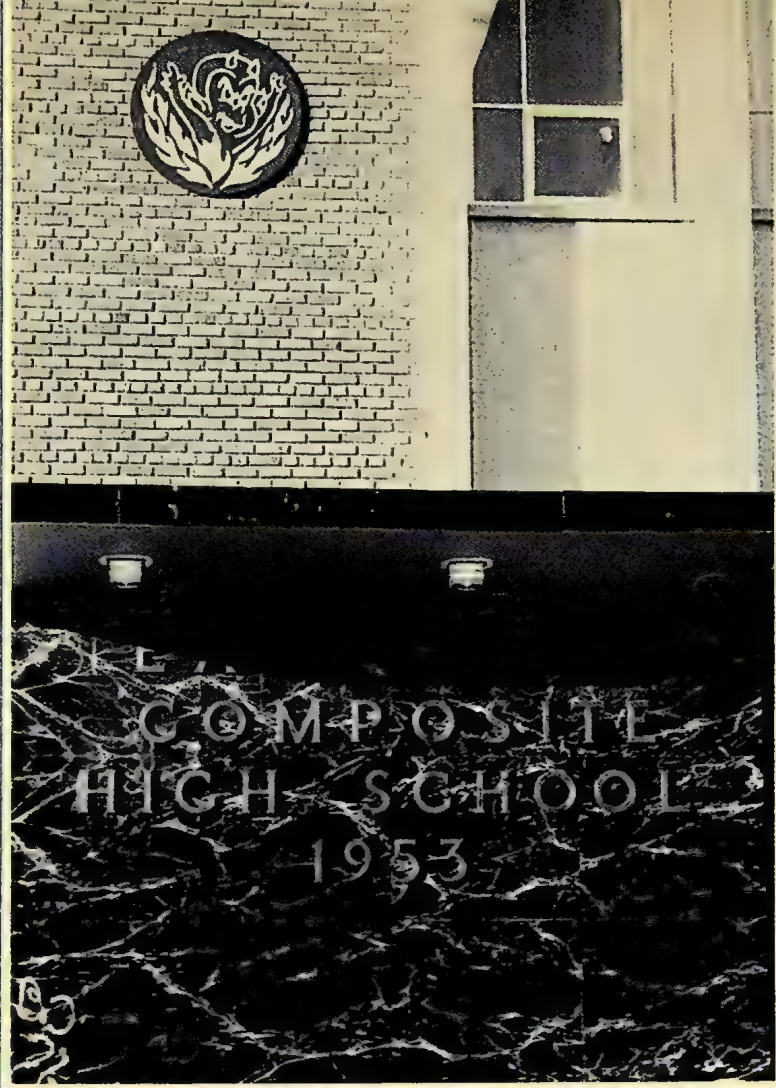

*We met all sorts
 in clubs we'd joined
 Shared in sports
 and cheered our teams
 Attended dances
 and the plays
 This Eastglen Spirit --
 So much it means*

*Many days we shared
our lives with others
And all in all
it seems so sad
To leave this house
a second home
Paying farewell
and ending with grad*

*The time is now to move on
 More will come and they too will know why
 Here is where memories are made to treasure
 In reflections of days gone by.*

ACTIVITIES

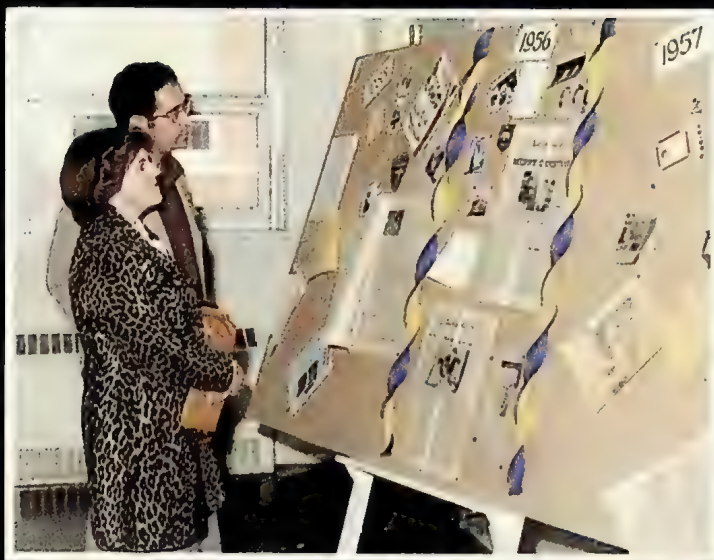

Eastglen's 25th Anniversary
November 10-11

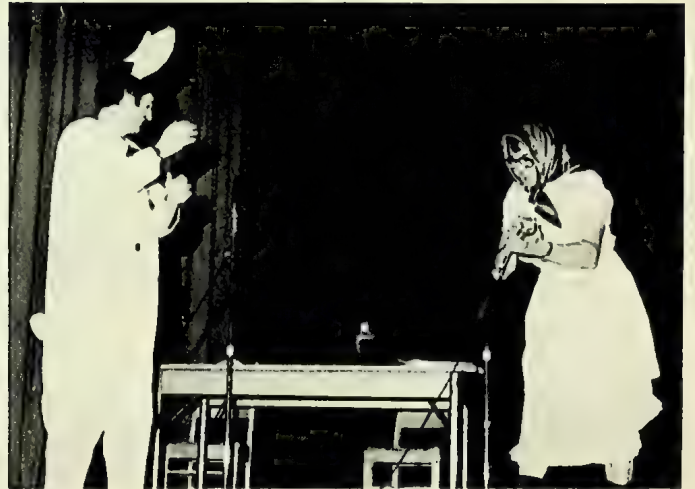

The Festivities of the weekend began with an early morning breakfast for all students, old and new. An Open house continued throughout the rest of the day.

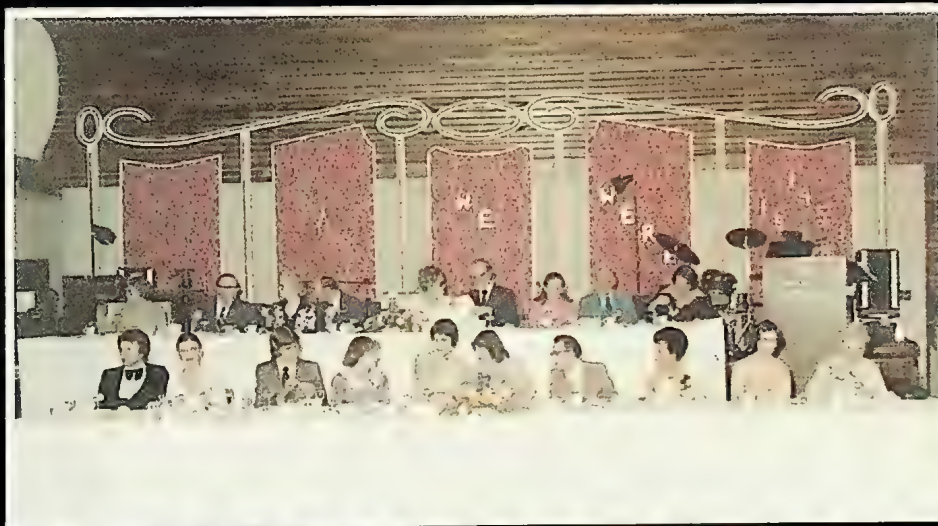

A good Ol' Fashion Show and Lit was held in the early evening. All participants were graduates or students of Eastglen. Saturday afternoon was devoted to the sports minded graduates. Volleyball games were held with grades vs. grades.

Speeches, dinner and dancing were the highlights of the Banquet on Saturday night. It was also the last chance that many graduates would have to see old friends, at least until the next Eastglen Grad Reunion.

It's all history now, all the school activities that have filled this term with good times have come to an end for the summer break, only to start a new term with bigger and better ideas.

This year has been full of good times ... dances, outdoor bar-b-que's, our First Annual Winter Carnival, pep rallies put on by the sports reps and other activities that have made this year go by fast. Hopefully these have filled the grade 10's and 11's with more spirit for the oncoming year and left the graduates with a memory full of good times at Eastglen.

I would like to thank the Social Board and especially Mr. Burrows, my social advisor, who put in so much time to help make this year so much fun.

Yearbook

A yearbook means something different to every individual person who purchases one. A yearbook contains not only team shots and events through the year but memories and good times for staff and students ...

The 1979 Blue & Gold was created by a handful of talented students and staff and after a tiresome effort of "perfecting" the pages it is passed on to you for your enjoyment and remembrance of the 'silver year' at Eastglen. We hope you enjoy it as much as we did creating it.

...

Best Wishes,

Yearbooks don't happen; they are created page by page and section by section, during noon hours and weekends and holidays. The work is done by people who devote their spare time to the creation of a volume for the student body as a whole.

Personally I have contributed to this book little more than an occasional word of encouragement, and a minimum of trouble-shooting. The work has been done by your editor and her assistants and committee. Their reward is in the satisfaction of a job well done. But you who read and enjoy this book owe them a debt of gratitude. As you leaf through its pages, remembering, spare a thought for those who devoted their time and energy throughout the year to making that remembering possible.

Echo

It's been an interesting 3 years! I've learned a lot the hard way, but it was certainly worth the learning. In the past year there were some "ups" and "downs", but I'm pleased to say when things were "down" someone came along to pick me up. There are some very special staff and students here at Eastglen worth looking for.

I'll remember you!

Good-luck to the Echo editors of the future!
Best wishes Eastglen -- see ya in 25 years.

Penny Provencal

If I ever look back on this year - I'll remember my elected position as a playpen. Restricted to a certain amount of play I was not allowed to venture further or my derierre was heated. No matter how many times I escaped my solitude, I was placed right back in that playpen.

Words can be wound up like a ballerina and dance forever. Not too many people like to wind up dolls. But the Echo has danced for a while and I hope her slippers never tarnish!

Gail Hussynec

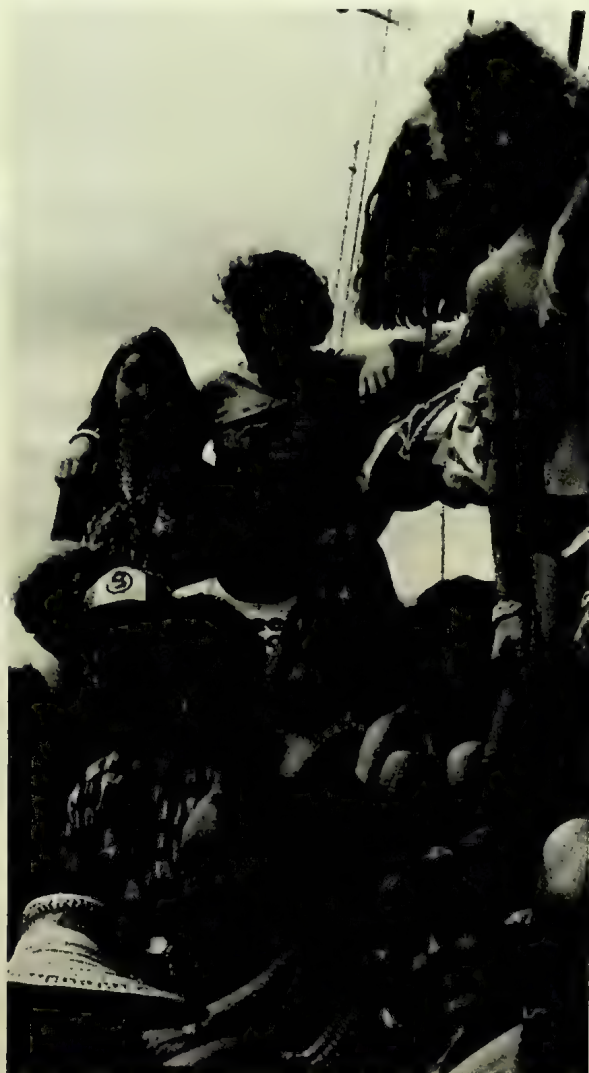

This year, in the way of travel, Eastglen had something new to offer the students ... an Expedition Through the Virgin Islands.

Many students from Eastglen and other various high schools throughout the city travelled to the Islands on one of the several tours for a 15 day cruise aboard the EMMA LIS.

Shipboard duties, coral explorations and visits to local villages were just a few of the adventures the students experienced.

Virgin Islands

Greece Trip

The cradle of western civilization--where people speak in terms of millennia and we're barely accustomed to dealing with a century or two. So much to see and do--so much to learn--so much to remember.

The sacred rock--The Acropolis--a sanctuary consecrated to the goddess Athena.

The eagles that Zeus let loose only to meet at the centre of the earth, dedicated to Apollo, and venerated throughout the known world of the time--Delphi.

The fields of Olympia spawning ground of our modern games, proved to be an "earthshaking" experience.

The Venetian fortification at Nauplion--the best preserved in the world--what a place to explore.

The agora, market place, at Ancient Corinth and a more recent wonder--the 1893 canal connecting the Aegean to the Ionian Sea.

The pilgrimages for physical health and psychic harmony that were made by the ancients to Epidauros--who can ever forget that remarkable 4th century BC Theatre.

The splendor of Mycenae, the Lion's Gate, The Royal Cemetery, the Treasury of Atreus--only dating back to 1600 BC of course.

The Minoan Empire on the Island of Crete--exemplified by the Palace of Knossos--a passive people who created the Labyrinth and were the originators of "women's 'lib'."

On the personal side, we'll never forget the long walks, the arduous climbs, the extra day in Athens, the walk home from the Plakka, the "long sleep" in Toronto, but most of all the friendship and camaraderie of an exciting fourteen days.

Exchange Students

This year Eastglen, in conjunction with the EPSB is, participating in an international youth exchange programme. It is not only for educational purposes but also functions as a cultural exchange as well as the furtherance of international goodwill and understanding.

While the students are here they stay with a host family whose child will, in turn travel to the exchange students' country for an equal amount of time and a similar experience.

STEFAN Lauer was here from Hessen, Germany from September 20 till December 12. He was staying with the Nuthack family and their son, Bernie returned to Germany with him.

MASAHITO Ohkawa is from the town of Ito, 130 kilometers south of Toyko. He represents the Yamate High School in Yokohama and will be here for about one year.

Both students seem to find friendships a little more difficult to develop than at home and expressing one's thoughts in a foreign language a little frustrating at times. Stefan feels that discipline is lacking in our schools as compared to Germany and Masahito feels that the teachers seem to be enjoying themselves more and that there is somewhat more freedom between teachers and students than there is in Japan. Both are agreed that there are more options in our comprehensive high schools at home.

Edmonton, the EPSB, and Eastglen in particular, take this opportunity to extend them a warm welcome to our school.

We wish them happy times and profitable learning experience.

Principal's Message

Eastglen has had another extraordinary year. We have managed to once again win our fair share of championships during competition in all of the athletic endeavors sponsored by the Edmonton Public School Board. In addition, we have regained our city records of lowest rate of vandalism and lowest rate of dropouts.

A few new courses have shared students successfully and happily. We were fortunate in keeping our staff with very few changes. Additional small renovations have made our school pride rise.

The best of all the year, however, was our 25th Birthday Party. We hope the city and province have as good a 75th Birthday.

A.W. HOLMES

Well, it looks like another year has gone by. There were, of course, good and bad times. To have fun in school all you must do is participate, it doesn't hurt and sometimes it can get you out of class.

I would like to thank the Students' Union for their co-operation and participation in all the activities that were held this year. Although we had occasional problems we always seemed to work them out. I also personally want to thank Mr. Holmes for his guidance and words of wisdom. Not to mention Mr. Darrah who helped a lot, dealing with problems of ALL sorts. Mrs. Crawford, well what can you say about a person who is always there when you need her.

I hope that in the future the next President will have a good opportunity to meet as many different and interesting people as I have.

Thank-you very much for giving me the experiences of being a High School President.

I know that in the future I will look back and be glad that I had this great experience that I will never be able to forget or relive. Good Luck in the future and I hope you become whatever you want to be.

Our Last Song Together

Days of devils, kings and clowns
Angel songs and birthday tunes
Valentines and wishing wells
Magic Stairways, moons and tunes
Silly Rhymes, monkey shines
Pictures on a stage
Round and Round the records go
Time to turn the page

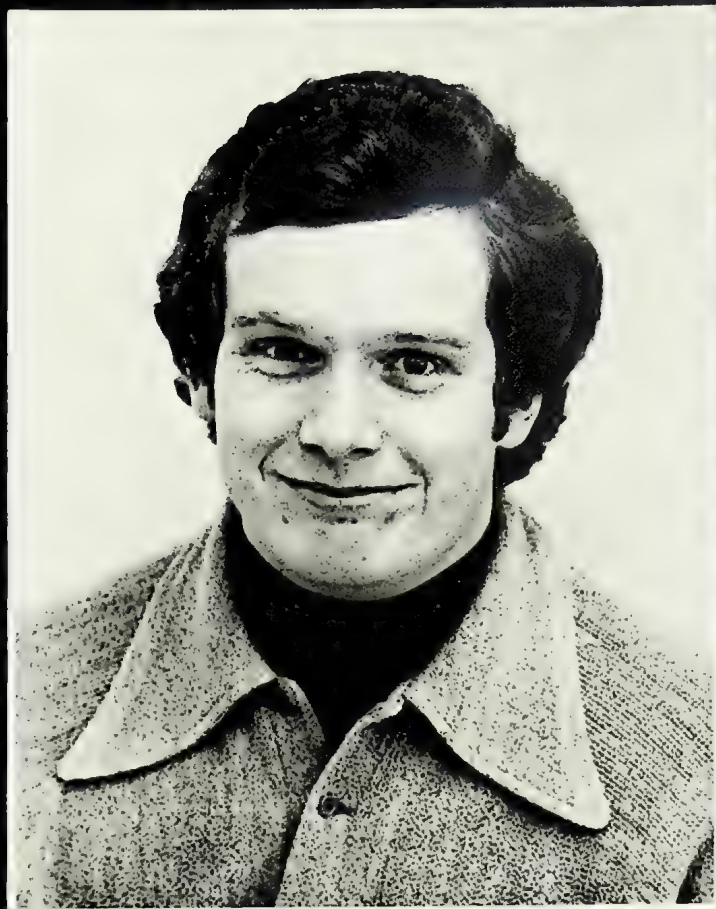

This will be our last song together
Words will only make us cry
This will be our last song together
There's no other way we can say good-bye

Now we go our separate ways
And leave the world we used to know
The scratchy worn out 45's
An echo on the radio
Yesterday is Yesterday-The past is dead and gone
Nostalgia just gets in the way-Let's stop hangin on

Those sha la days are over
The days of me and you
Now we know that breakin' up is really
hard to do

This will be our last song together
Words will only make us cry
This will be our last song together
There's no other way we can say good-bye.

Honorary Grad Class President's Message

I would like to take this opportunity to thank the 1979 Graduating Class of Eastglen Composite High School for selecting me as their Honorary Grad Class President.

For this is a time of a parting of the ways. Each of you must follow the path you have chosen - to wherever it may lead and leave the securities of Eastglen, to stand as individuals in a society where one must be himself to succeed. You must be as strong and independent as an oak tree - yet as versatile and resilient as a bamboo. For there will be strong winds and driving rains to threaten your growth. But you will be fortified by the memories and triumphs you have faced over the past three years. Consequently some of you will go on to further studies or training - while many of you will venture forth into the working world.

The one thing I am certain of is, that each of you will find your way into all parts of the world and all walks of life. Whatever your goals may be, may I personally wish you every happiness and success and while I bid you all a fond farewell - let us dance this **LAST SONG TOGETHER**.

Thank you,
Mr. C. Burrows

To every graduating class, grade twelve is a special year. For the Class of '79, our grad is extra special, not only because we are the 25th graduating class of Eastglen, but also because we have worked hard to make this year the best possible.

Through the past years, with all of it's successes and failures, we have helped each other along the way. Growing up together, discovering and experiencing new things, sharing times and creating memories that will never be forgotten.

Our graduation not only marks the end of twelve years of hard work, but also a start of a new beginning,

leaving us with an anticipation as to what the future may hold. We will each be going our own way, starting anew - as if repeating school all over again.

I would like to offer a special thanks to Ms. McNeill and all of the Grad Class Committee who made this year a success. Without their co-operation and diligence, it would have been difficult to accomplish what we have achieved.

In closing, I would like to leave you with the following, and hope to see all of you at Eastglen's 50th Anniversary.

May the road rise up to meet you
May the wind be always at your back
May the sun shine warm upon your face,
the rains fall soft upon your fields and
until we meet again,
May love and laughter be with you always.

Karen Hole

Grad Class President's Message

Class Prophecy

This year I have the distinct honor of being chosen Class Prophet. In order for me to carry out my predictions I have purchased a crystal ball and matching gypsy costume from WAYNE HACKMAN who acquired it at a gay disco. Gazing into the ball the first person I see is NANCY OLEINYK at the beach. She talked so much her "tongue" got sunburned.

I see PENNY PROVENCIAL was hurt while taking a milk bath. The cow slipped and fell on her head.

Next I see SIMONE AARDEMA ... not only has she kept her girlish figure, but she has doubled it.

I see our Grad Class President KAREN HOLE running around a cracker box because it's wrapping reads: "Tear around the top!"

Next thing that comes into focus is GREG SURBU sitting in a doctor's office saying "Doc, I got a beautiful home up in the mountains, I got a gorgeous home down in Florida in the winter. I have 2 swimming pools, 4 expensive cars, I got a villa on the River, a hunting lodge in Alaska and I got a 70 foot yacht." Doc said, "What's your problem?" "I only make \$27.00 a week!"

GREG loves nature - in spite of what it did to him.

I see that GAVIN DULEY has a B.A. and a M.A. and Ph.D., but no J.O.B. GAVIN couldn't count up to twenty without taking his shoes off.

I see they've named a town after MR. HOLMES - Marblehead. MR. HOLMES looks like a million ... every year of it.

I see they're taking WAYNE HACKMAN to the hospital. Don't worry though it's for a minor operation ... they're putting a brain in.

TOM MCGILLIVARY has been reincarnated into the lowest form of life. He has come back as RON MCGUNIGLE. One thing about RON, he looks like a professional blind date.

I see MR. BURROWS has listed their unborn baby on his tax report because it was part of last year's work. MR. BURROWS has a face like a saint. A St. Bernard.

MR. PARMENTOR I see has stopped worrying about his wife smoking cigarettes because now he finds cigar butts around the house.

I see that MS. McNEILL has rid herself of her refrigerator because it was too much trouble to cut ice into those little squares to fit into the trays. MS. McNEILL was great during the war - until Napoleon's army captured her.

Someone just said "Hello" to DOUG "TIESTICK" McKINNON and he's stuck for an answer. There's something about DOUG that definitely attracts women - to other men.

Sad news, I see BARRY KAISER lost his mind when a butterfly kicked him in the head. I've known BARRY for quite a while now. He was so excited when he was promoted from the sixth grade to the seventh grade, he could hardly shave without cutting himself.

GARY YAREMCHUK I see has finally got his name into the "Guinness Book of World Records". He has just gone through his 40 thousandth comb. When GARY was young he was determined to climb the ladder of success. He's not so successful, but boy can he climb ladders!

I see that a dog just ate a cake that RHONDA MIX'S made. Don't worry RHONDA, they're buying you another dog.

I see ALBERT BRON on a talk show and the host asked him, "What do you thing about the dope problem?" and ALBERT replied, "Definitely, I feel we have too many dopes!" ALBERT makes a living renting himself out for Hallowe'en parties!

I see GEORGE LITZINGER at a masquerade party and someone has just asked him to remove his mask, only problem was, he didn't have one on.

I see that TEMBA "CHESTY" SITO and DENNIS "BICEPS" TOSTOWARYK have opened up a weightlifting center for gays.

I see that GREG KARBONIK, has alias "stud" cashed in his empty beer bottles and bought a Winnebago. GREG'S the kind you ask to stay with you when you want to be alone.

I see DELLA SAWCHUK telling a cop, "A man is following me. I think he must be crazy!" The cop agreed.

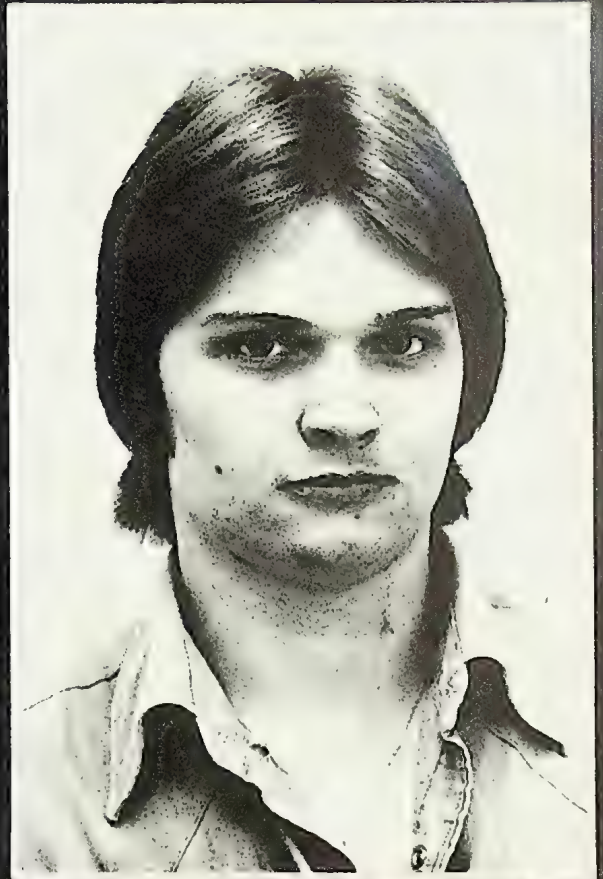

I see that on BRAD SAGANIUK'S aptitude test, he not only had every answer wrong he even misspelled his name. BRAD'S not exactly slow, but he was 14 years old before he could wave good-bye.

I see a peeping tom reaching into VAL DUDRA'S bedroom and pulling down the shades. VAL has a real shady background. She has hips like a beach umbrella.

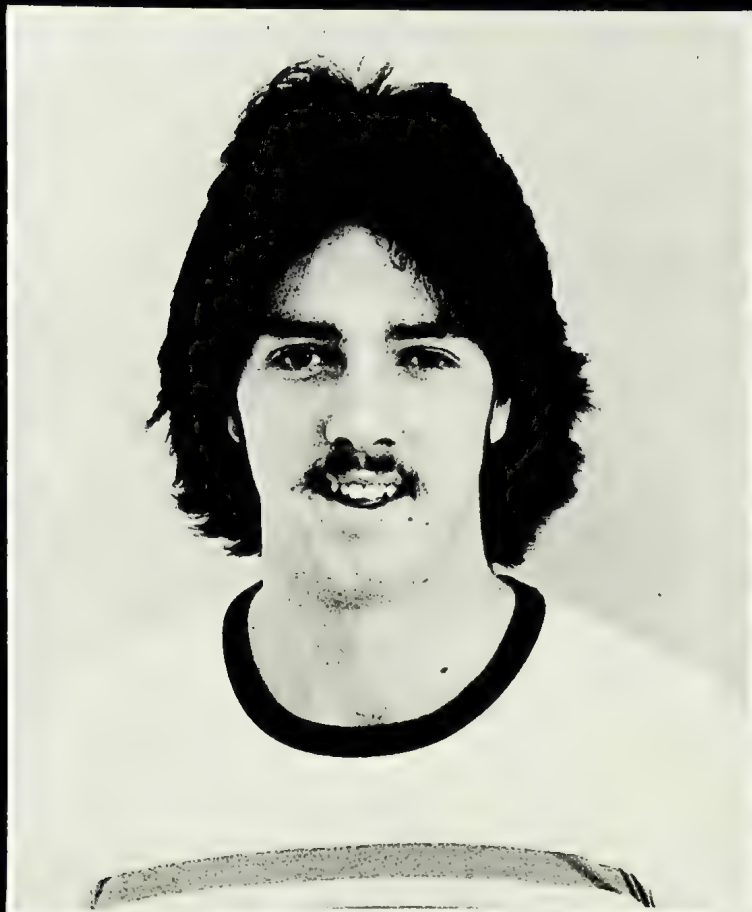

I see MARGARET SPIWEK'S husband talking to her, "Darling, let's go out tonight and have a good time for a change - and if you get home before I do, leave the porch light on."

I see that COLIN EPP'S bride had to postpone the honeymoon so she could explain to him what it was.

I would just like to thank everyone for a terrific 3 years and I wish everyone the best of luck in the future.

Thank-you,
BUDDY MELNYK

Today is the beginning of the rest of our lives. On this auspicious occasion we are celebrating twelve years of hard work and good times. Whatever our misconceptions of high school were, I am sure all of us have forgotten and all look upon this day in happiness and success for the future.

For some of us, grade twelve is a stepping-stone that leads to an advancement of knowledge in post secondary schools. For others the working world will become a permanent home where personal skills can mature. Whatever we choose, our success will rely upon the desire to work hard and achieve our personal goals. As Hamlet once said, "To be or not to be," because that today, is the question. We are then what we make of ourselves.

At this time of our lives it is necessary to remember and say thanks to the many people that have encouraged and guided us along the way.

To our teachers for their never-ending time and patience in assisting us during these three most important years of our adolescence. Our teachers are people just like anyone and deserve not only our thanks but our respect as well. To our counsellors who aid us at times when our judgement is in doubt and a second opinion is needed. Their jobs are sometimes long and tedious but without them confidence in our decisions may not be adequate. To our parents and families, for their continuous support and love through these important years of our lives. The guidance our parents have given us has been priceless in overcoming the many problems of growing to adulthood. Our thanks to them will never be enough but I'm sure their satisfaction will be fulfilled when they see their sons and daughters graduate.

My final message is to the graduating class of 1979. I hope the last three years have been favourable to all and I'm sure we have grown to understand our friends in more depth, as our friends have learned more about us. Without these friends, school wouldn't be enjoyable to all. All the members of the graduating class of 1979 have shown an eagerness to work hard and to achieve success in whatever the future does hold for you, I wish you all the best of luck and hope we all shall meet at our school's 50th Anniversary in the year 2003.

Best Wishes,
Kelly White

Class History

As we come to the end of twelve years of education, I'm sure our minds wander back to yesteryears when we first stumbled through the doors of grade 1; single file and amazingly quiet. There we sat in our desks bewildered at how the teacher could ramble on. How we would make it through 12 years is a question I'm sure everybody asks. The time has come already though, the time for us to share OUR LAST SONG TOGETHER. We've come to the main crossroads in our walk up the path of life, and now we must decide which turn we will follow.

Before we do, let's just flip back some pages of the past; back to the first time we entered the doors of the finest school in North America, into the massive rotunda. It was then that we took the first steps into what turned out to be the fastest 3 years of our education.

Grade 10 was definitely an experience, and a successful one at that. Meeting new people, joining new clubs, and befriending and befoeing new teachers was a big part of the year. All of us had the opportunity to take on some of the guys' football games, I'm not sure what was more exciting the game itself, or the bus ride home. The girls in the meantime were busily scoring points to take the Jr. Girls' Cities in Volleyball. Throughout the year the Students' Union organized numerous activities, starting with something they called a "Peanut Butter and Jam" invitational and working their way through an Up With People presentation, the first annual Schlong Show and along with occasional dances. Before we knew it, May was here, announcing the victory of our Water Polo Team at the Cities. Spring was in the air, regular class attendance dropped and Front Lawn 10 became a popular course.

Summer holidays came and went so fast that we left unprepared for the upcoming year, and as a result, grade 11 slipped away almost unnoticed. The girls succeeded in re-capturing the City Title for Volleyball and played their way to the Provincials in Basketball. The boys worked hard also, but didn't make it quite as far. The days, weeks and months worked quietly by and finally "Spring" arrived bringing with it a new spirit. Students' Union elections were just around the corner, leaving with an enthusiastic group filling the positions. The track meet and Barbeque was the last event holding back a long awaited summer holidays.

Our last year started off on the right note. There were extra holidays due to some minor teaching technicalities. We started the school term off by working hard to overcome the delay in our education from the strike. After that day, we decided to throw in some fun, so we planned a Grade 10 dance which made them feel right at home. The Senior Football Team did an excellent job of representing our school, so well in fact that one player was voted most valuable player of the league.

The 25th Anniversary brought our class together as we worked with one another to make the activities a success. We were honoured to be the hosts for 1500 former graduates and guests. Before we could fully relax from the 25th, it was time to participate with Eastglen's First Annual Christmas Carnival. Throughout the remainder of the year, there were various events, such as the Dating and Match Games, all the Valentines and St. Patrick's Day activities, the Schlong Show and the Western Days events.

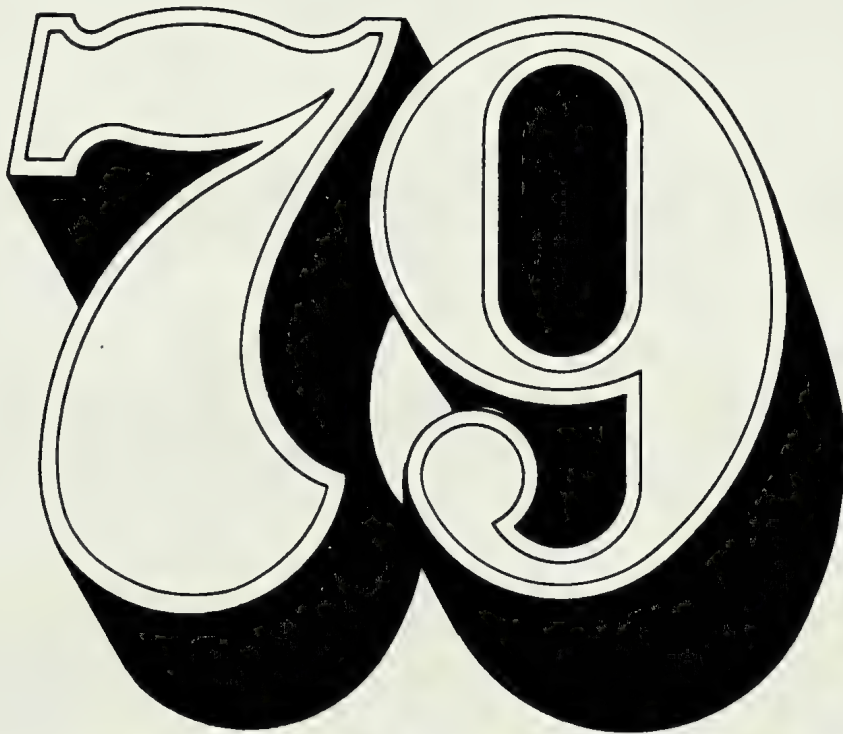

All of the years filled with these activities have led up to this one special occasion ... GRADUATION ... Which marks the end of a new beginning. This will be OUR LAST SONG TOGETHER, and I hope for you, the melody still lingers on.

Best Wishes,
Simone Aardema

The '78 Senior Football Team had a respectable season but were not too fortunate on the scoreboard, winning 2 games and losing 3. Two of the losses were to city finalists Soons and Bonnie Doon.

This year's team was mainly made up of players that had no previous senior experience and were learning a great deal as the season progressed. The Senior Football Team has some promising players returning next year and should be a play-off contender.

This past season the Junior Football Team was very successful. During the regular season we managed to win all our games with the exception of a 6-6 tie with Bonnie Doon. We defeated Bonnie Doon in a return match, beat Scoon and defeated Harry Ainley twice. In the semi finals we recorded a victory over M.E. Lazerte. Unfortunately we lost in the city final to Ross Shepard 17-8.

We had an outstanding collection of assistant coaches: Brian Forrest, Jim Forrest, Glen Nelson, Greg Patterson and George Rosich. This hard work will be reflected in a strong senior team for next year, led by Ron and Randy Danyluk. The whole team is looking forward to next season.

This year the Junior Boys' Volleyball Team did not win many matches but they nevertheless had quite a successful year.

Eight of the eleven boys were playing high school volleyball for the first time; thus the season got off to a slow start but things steadily improved. Near the end of the season they were playing equally as well as some of the better teams in the league. With some of these players returning to junior next year, we should have a strong nucleus to build upon.

The Junior Girls' Volleyball were not too successful this year, but through their hard work and effort comes nine girls with experience and ready to play again next fall.

Eastglen's Senior Girls' Volleyball team was very strong again this year with six returning players from last year's City Championship team.

The team competed in the A Division which involved the top nine teams in the city. After a double round robin, Eastglen finished in first place with a record of 23 wins and only 9 losses. In the playoffs they defeated both Scona and Harry Ainley, to advance to the City Finals against Archbishop MacDonald. The City Championship final was very exciting with MacDonald winning the first two games and Eastglen coming back to win the next two games to force a fifth and deciding game. The final game was very close with Eastglen having to settle for second place.

The team also played in two tournaments this season. They won the Queen Elizabeth Invitational Tournament and placed second in the University of Alberta High School Tournament.

Eastglen's Senior Boys' Volleyball Team enjoyed moderate success this year. They finished in 6th place in a division of 12 teams and taking two 3rd placing finishings in tournaments throughout the province.

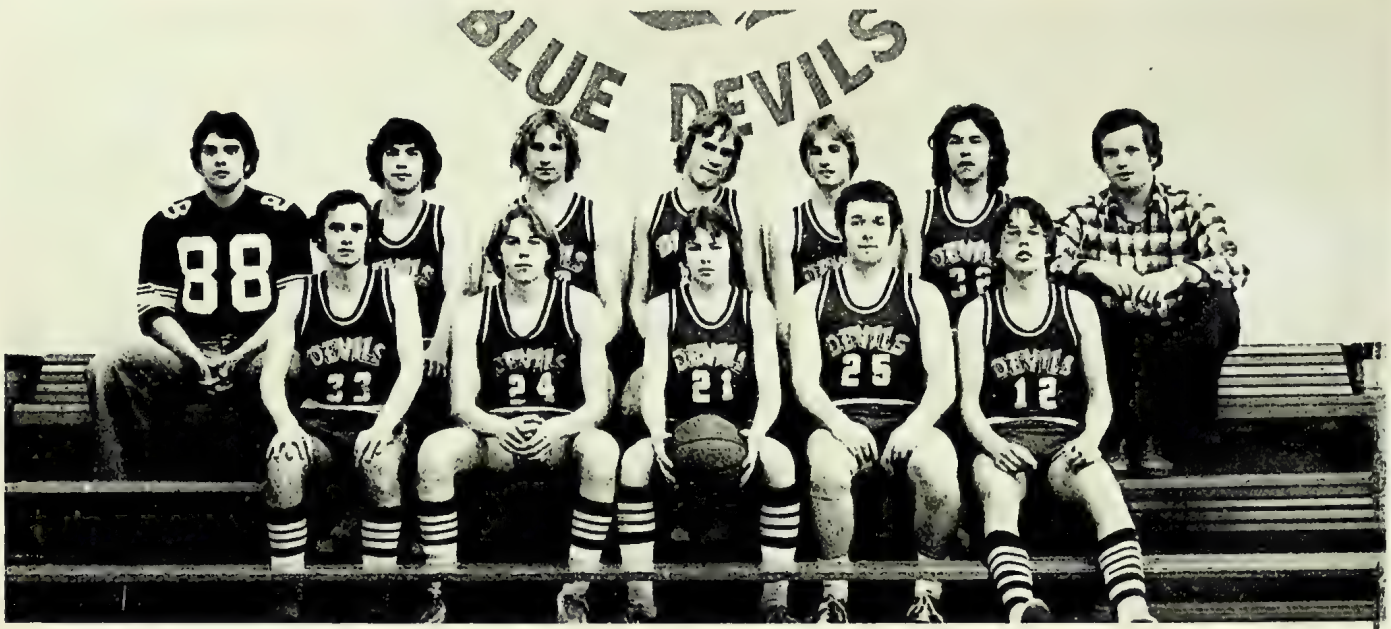

Congratulations guys.

The 78/79 Junior Blue Devils had a very good year. With only 1 returnee from last year's team, the club ended up in 2nd place in their division, with 9 wins and 3 losses. The team lost out in the first round of the play-offs to the defending city champions in a tough play-off game. Over the year the team showed a great deal of hustle and enthusiasm, as well as having a great deal of fun. Those players moving up to the Seniors should help the team greatly, and those staying to play another year of Juniors are looking forward to another successful season.

In the beginning of the basketball season, the junior team started in the North division. There, the junior team failed to win, but many of the games were very close. The team then played in the "A" division. The junior team is probably the most improved team in the league with enthusiasm, and pride in representing Eastglen Composite High School.

The Senior Team has done very well this year.

They began in the North Division and came out with five wins and no losses. Since they came out on top in the North Division, they were then put into the "A" Division with eight other teams. From there they made it to the City Championship Semi-Finals.

Under the coaching of Mr. Meek and Glen Nelson, the senior boys' finished second in the City Conference regular season. The Blue Devils did well only losing 4 games out of 14. They lost their most important game, the last game, which would have put them into first place.

The Devils would like to thank all the people who had helped them with their successful season. Especially the fans, scorekeepers, statisticians and most of all, the coaches.

Track and Field

The Blue Devil Water Polo Team successfully defended their City Championship again. They finished the regular season play in first place with a 6 and 2 record. In the sudden death play-offs they defeated Ainley in the semi-finals and with one second left on the clock in the final game against Ross Shep., Kerry Shakura scored on a pass from Ken McRae to give them a 3-2 victory.
